MOTHER'S LOOK

"Accessories are my thing. When it comes to showing them off, nothing beats the simplicity of a classic black dress. The cluster ring and bib necklace create a festive look sans over-the-top holiday sparkle. Plus they perfectly complement the real showstopper—this beaded clutch, which reminds me of ones my mother used to carry." —Nancy Thornell, 60

DAUGHTER'S LOOK

"This jumpsuit is my fun, modern interpretation of the standard little black dress. I love that it's sleek and sophisticated but comfortable too. When wearing black I look for oversized earrings with great texture to liven up the outfit. I also prefer more color in my makeup when wearing darker clothes. That's why this scarlet-hued lipstick is my go-to." —Anne Turner Carroll, 30 *
